## NOTES FROM HENRY:

1. The point of this website is NOT to study every link, but to use it to work on your weak areas, and to know where to find AICP Exam related information, including practice questions.
2. If nothing else, be sure to study the Glossary of Terms and Planners near the bottom of this website before your exam.
3. Use your browser's "Find" or "Search" function to quickly find materials by name on the webpage

## **SPECIAL PERMITS & VARIANCES**

[http://en.wikipedia.org/wiki/Variance\\_\(land\\_use\)](http://en.wikipedia.org/wiki/Variance_(land_use))

- A variance is a departure from the terms of the zoning ordinance, granted in cases of hardship
- A special permit authorizes uses permitted by the zoning ordinance upon scrutiny by a local permit granting authority.

DEFINITION: Traffic Analysis Zone. A traffic analysis zone (TAZ) is a special area delineated by state and/or local transportation officials for tabulating traffic-related data—especially journey-to-work and place-of-work statistics. A TAZ usually consists of one or more census blocks, block groups, or census tracts. Each TAZ is identified by a six-character alphanumeric code that is unique within county or statistically equivalent entity.
